Risk Management Function

Appointment of CRO

Chief Risk Officer (CRO), along with his team, is responsible for overall risk management of the bank which includes managing, assessing, identifying, monitoring and reducing pertinent global, macro and micro-economic level business risks that could interfere with Banks objective and goals and whether the Bank is in substantial compliance with its internal operating policies and other applicable regulations and procedures, external, legal, regulatory or contractual requirements on a continuous basis. Further, CRO ensures integration of all major risk in capital assessment process.

Credit Risk Management Committee (CRMC)

Board level CRMC has been set up under NRB Directive for ensuring/reviewing bank's risk appetite are in line with the policies and CRO acts as member secretary. CRO closely monitors and report on credit related risks in ALCO & RMC meeting.

Operational Risk

Board and senior management of the bank places high priority on effective operational risk management and adherence to sound operating controls.

- Policies/Guidelines explicitly supports the identification, assessment, control and reporting of key risks.
- Emphasizes on dual controls,
- Effective monitoring and internal reporting,
- Contingency and business continuity plans,
- High standards of ethics and integrity,
- Commitment to good corporate governance and
- Segregation of duties and clear lines of management responsibility, accountability and reporting.

Market Risk

Sanima has Market Risk Management Policy developed in line with Risk Management Guidelines issued by NRB to assess and actively manage all material market risks, wherever they arise throughout the bank and a capital charge is provided for such risks. Stress testing technique also covers the capital requirement on market shock. Foreign Currency peak position, interest rate risk, stock position is discussed in ALCO meetings on monthly basis.

For interest risk management, appropriate assets and liability mismatch (GAP analysis) is measured as per policy so as to minimize sudden fall in NII. Investments in stock are revalued at the end of every month and Open positions in foreign currencies are monitored daily. Prompt Action is taken to keep open positions and foreign currency exchange risk to a minimum level. Regulatory limits too are ensured at all time.

Adequate care is taken to ensure the maturity of deposits to match with assets maturity. Adequate liquidity is ensured even in stressed scenarios. Various ratios as per liquidity risk management policy are assessed. Treasury department plays the vital role for monitoring same and report to ALCO.

Eligible Credit Risk Mitigants (CRM) as on Ashoj 2071 (17th Oct, 2014)
